Merrill Lynch MBA Fellowship Stern School of Business

Merrill Lynch is a leading financial management and advisory company with a global network of offices in 36 countries across six continents with total client assets of more than \$1 trillion. We offer a broad range of capabilities through our three principle businesses: global markets and investment banking, private client and investment management.

Our employees are focused on maintaining industry leadership, enhancing financial strength and profitability, and earning the respect of clients every day by delivering superior products and services. Our corporate culture is the sum total of what we believe and think, how we work together as colleagues, and how we conduct ourselves as individuals.

MBA Fellowship

Merrill Lynch will award a merit-based fellowship to a minority student interested in financial services and entering the Stern School of Business in the 2005-2006 academic year. The fellowship covers full tuition and fees for the first year of the MBA program. To be eligible, you must be nominated by the Stern Admissions Department.

In addition to the fellowship, Merrill Lynch offers:

- a paid summer associate position (between the first and second year of the MBA program) in investment banking, global markets or capital markets
- full tuition and fees for the second year of the MBA program upon the successful completion of the summer associate program and acceptance of a full-time offer for 2006

Qualifications

Merrill Lynch puts a premium on recruiting superior talent that is committed to achieving excellence. We look for exceptional candidates with strong quantitative and analytical abilities, solid oral and written communication skills, and the ability to work independently while functioning as part of a team. *Students who receive funding from other sources are still eligible for the Merrill Lynch Fellowship.*

Submission Requirements

Please mail the following materials to the address provided on the application by April 8, 2005.

- Completed application form
- Resume
- An essay of 500 words or less describing your career goals and their relation to the Merrill Lynch Fellowship
- Copies of essays submitted for your business school application
- Two letters of recommendations with at least one from a current employer

FOUNDATION SCHOLARSHIP APPLICATION SAMPLE PERSONAL STATEMENT

The purpose of the Personal Statement is to give the Scholarship Committee members an opportunity to learn more about you, the student and your educational goals and how the scholarship will help continue your education.

The Personal Statement on the Scholarship Application reads as follows:

Please describe for the selection committee your educational goals and how receiving this scholarship will help you continue your education:

To guide you in completing the Personal Statement, here are some examples of how to get started. Please keep in mind that the expectation is not that you write a detailed essay. Just think about the question and answer in a concise manner.

Examples:

- It has been my dream to someday become a nurse. I am presently in the nursing program and plan to graduate in spring 2011. After graduation I hope to continue my education and enter the BNS program at Palm Beach State College. Receiving this scholarship will bring me one step closer to completing my education.
- My major is business and I hope one day to have my own business. I work part-time at a local retailer and am struggling to pay for college. This scholarship will help pay for my classes and books. I will be able to focus more on my education and not so much on how to pay my bills.
- In this difficult economy and I have been unable to find a job to help me pay for school and books. I am a student in the Dental Hygiene Program and this is my first term at Palm Beach State College. This scholarship will help me buy the dental tools and books that I need to be successful. After I graduate, I plan to work in a local dentist office.

You are not graded on the length of your comments. Since the committee does not have the opportunity to meet you face to face this is a way for them to learn something about your educational and career goals.

Since I was a little boy, I have always expressed an interest in animals. Every Christmas, I used to ask my mother for two puppies and two kittens. As I got older, I started telling my mother that I wanted to work in a pet shop and possibly even own one.

A few years later, I became interested in veterinary medicine. I told my parents that I wanted to be a veterinarian. All of my thoughts and experiences as a younger child developed into a love for science and the environment.

When I first moved from the city to the suburbs, I got the opportunity to see wild animals at a more personal level, and no, I'm not talking about the zoo. I got to see squirrels, beavers, groundhogs, and deer right in my backyard! Because of this, I began to appreciate nature even more. Well, I never got two puppies and two kittens like I always used to ask my mother for, but I got one cat; one cute, chubby, and lazy cat that I care for very much. Getting the cat showed me how much responsibility is required to raise an animal. Every year, my mother and I took Patches, our cat for check-ups at the veterinarian's office. I was amazed at how the veterinarian was gentle with her, yet did what he needed to do, no matter how much she fussed and fidgeted.

In my sophomore year of high school, I completed the Veterinary Science Career Exploration Program at the Cornell University Cooperative Extension in Rockland County. I believe that this college will help me achieve my future goals. Not only will it help me decide whether to be a teacher or a veterinarian, but will also help me strive and be a leader in whichever field I choose to go into. Since I was a young teenager, I have been trying to get a job at a pet store, but nobody could hire me because I was not eighteen years of age, so I volunteered at the Hi-Tor Animal Shelter and got some community service hours. Volunteering allowed me to get closer to the animals; the animals that were put up for adoption and didn't have anywhere else to go. I walked dogs and played with the cats. When the supervisor wasn't around, I would even take the cats out of their cages and hold them and pet them.

My love of nature also influenced my academic interests. Science and mathematics are the two academic subjects that interest me the most. I love science because it is the study of matter and energy and how things work. I am especially interested in biology, not only because of my experiences in the great outdoors as a Boy Scout, but also because it is the study of life and the environment. Life is such a precious

Educational and career goals essay. Educational and career goals essay examples pdf. Educational and career goals examples. Educational and career goals essay examples.

What are my short and long-term career goals? Where do I see myself in ten years? What events in my life have led me to have these goals? What major will help me achieve my goals? What skills do I need to achieve my goals? What impact do I want to have in society? After discussing the answers to these questions, look for common topics or choose the most interesting stories. You can build your main essay "Thesen" or idea around it. Once you have the main idea, create a sketch to put your ideas in rehearsal format. That will give you a general idea of structure. You can use the model of career essays below to provide some ideas. But remember that some rules should be broken; therefore, do not be afraid to be innovative and think out of the box! In addition, when you are ready, go for fun to apply for the study fellowship trial package (a trial, an application, several scholarships!). You can also make this essay count. Sign up for fun to apply for scholarships more efficiently. Career objective test model, here is a paragraph per paragraph: paragraph 1: establish the main theme of what you will talk about. You should also draw the reader's attention. For example, instead of starting your essay with something generic (for example, since I was a girl, I wanted to be a zoologist), be creative with it! Try something like my biggest memory when a young girl was going to the zoo for the first time or while most children played from home or school, I always wanted to play Zookeeper. Paragraph 2: elaborate what inspired your career goals. Maybe it was a relative, a TV show or simply an experience you had. Remember that an old writing saying, *écrit à l'écrit*, do not count. How your great desire will help you achieve goals? What skills do you need to learn to achieve them? At the end of the paragraph, try to discuss how your short-term goals can help you achieve your long-term goals. Paragraph 4: Focus on your long-term goals and the impact you expect to have on society. If you are not sure what your long-term goals are, do not sweat; they will likely change anyway. Instead, you can focus on the difference you would like to make overall. And don't worry too much about the impact size... Remember that just doing what you are really in love has a huge impact on those around you. The last paragraph is your conclusion. You can use this paragraph to summarize what you discussed in the previous paragraphs. If you want to be even more creative, try to finish your essay with a question for your readers or a new insight. Good luck! And now that you are ready with this essay, put it in good use! On the other hand, my career vision is to one day be able to provide affordable health care to marginalized communities in the United States. However, I am certain that if I do not complete my college degree I could never have the opportunity to achieve my career goals. I decided that I will attain a career as a doctor since my passion has always been assisting others and trying to improve their quality of life. Therefore, I think that pursuing such a career will provide me the opportunity to help improve the community's health quality conditions and learn about their medical needs. After becoming a certified doctor, I want to specialize in oncology, the study of cancer, and add my knowledge to the cancer research field. Furthermore, I want to contribute back to underserved populations in the U.S. that struggle every day to sustain a family, and who do not have as much access to medical assistance as other privileged groups. The first health project I want to accomplish throughout my career as a doctor is to establish a free clinic where affordable medical regardless of the patient's immigration status. The diverse health services would include free doctor consultations, low-price or free medication, and nutritional classes to prevent the presence of diabetes or heart disease. I also intend to provide an interpreter for patients in case they do not speak English and establish a financial assistance program to help patients who are not able to pay for any type of surgery that needs to be performed. The second biggest career goal that I want to accomplish is to establish a non-profit organization where I can create internships for medical school students around the U.S., and allow them to travel to isolated communities around the world to provide free aus moc iAraduja aslob A arierrac ed sovitejbo sues rasAñacoe 2 elpnaxeE 721 tnuoc drow, erutuf eht ni slamina donadnaba to sdnaiuoht mu yllaitnetrop dna noitacde ni luccifid ni yelpmloc ot ecnetes lamina noitapmoc sááéáéarohelb yltnerroc ma i stnemetats evinshehrpmoc esicnoc esU yrotskqob ro ortal yntgenl a rol noor sadip;Ar sacid samgula ofÁste iug arierrac ed sovitejbo arap odutse ed saslob ed soisane arap sacid odnevresE .oiasne ues raicini arap arierrac ed sovitejbo so erbos saslob ed soisane ed solpmexE snotgla somerecnroF ,aiug etseN .rev mereuq sele euq satpsser sa ofÁS sasse 7onalp Áraxiaccne es air;ÁitSrivemu ofÁÁacude amU 7ovinitfed onalp mu met ACovU arierrac aus iAraduja ofÁÁacude aus me ritsevni omoc rev reuq odutse E dsaslob E ÁtíMoc O .arierrac ed sovitejbo sues erbos odnoituseF res edop ACov ,eadlucal ad sodutse ed aslob ed oiasne ues o arap 7socipÁT setnerefid setnerefid erbos sodutse ed aslob ed soisane rev rereuq odaiopoc res ofAn arap .reveruce a raduja arap sodiccnroF ofÁS soisane sessE :ZA ed ofÁSÁneesi ed ofÁSÁneesi ed ocisE :lanigiro etnoF .edadilae amu sovitejbo suem ranrot a raduja em massop euq sedadinutrop rarucoro e aloce an orud rahlabart me oditemormpoc uotse .otnatroP .ocid@Ám ed amolpid uem riulcnoc ofÁn ue es sohnos ofÁrecenarrep sovitejbo suem so sodot euq ueE .ofÁSÁirtunsed a arap ofÁSÁulos amu iArerefo e sasÁnairc sad ocisÁF otnevniolvnesed o arap riubirtnoc a iAraduja ossI .sonacirema -onital sesÁap sod sanegÁdni sporgu etnemlaicpese ,sadaazlianigram sedadinuomoc sasse raioipa arap lanocirtun ofÁÁacude reconroF oreuq m@ÁbmaT .soÁÁivres ues ues edno rev asicerp ÁtíMoc o sam .puckab ed onalp mu enoicnem ACov euq ritmrep medop sognol siam soiasneE .etnemetrof siam etnes es ACov lauu eqidniI .sovitejbo soir;Áv raioicnem ACov eS .sodutse ed aslob asse ecerem ACov euq rop rev massop sele euq arap sid so ertne ofÁXenoc amu ertsomÁ eht ssucsid ot moor erom etlitl a evalh uoy .yasse pihsrlohcs drow-052 a hÍW ísdrow 052I slaoC reercC tuoba yasse pihsrlohcsE 2 elpnaxeE 721 tnuoc drow, erutuf eht ni slamina donadnaba to sdnaiuoht mu yllaitnetrop dna noitacde ni luccifid ni yelpmloc ot ecnetes lamina noitapmoc sááéáéarohelb yltnerroc ma i stnemetats evinshehrpmoc esicnoc esU yrotskqob ro ortal yntgenl a rol noor hguone ton si erehT .tniop ruoy ekam ylkciuq of deen uoy .yasse pihsrlohcs drow-001 a nI ísdrow 001I slaoG reercC tuoba yasse pihsrlohcsE 1 elpnaxeE .seye hserf htwi tnetnoc Ruoy daerF er neht dna ,thirnev ylbareferp ,kaerb etnI .srorre wof rol r rammary y tide dna hguorht daer neht .hsinif trats morf , serif etriv .htworg reercC ruoy hguorht gnissergrof dna eerged ruoy htwi gnitrats .redno lagicolonohc ni eb ylekiel tson lliv sihT .rennam díulF a ni sthguoht ruoy ezinagroF slaoG reercC ruoy ot del selgurtups eht woh wohs .reveroerM .meht morf nrael lliv uoy woh tniopniP tub .tsap Eht by ni dah Eváéáéouy Selggurres Noitnem Yam uoy .smelbort yu .snoitlous tuo rniop .deecuss yu pleh sturup eerged dna ,seneireps ,sneat ,h of your career goals. Make sure the big picture connects to the bag. My name is Patrick Holden, and I'm a first-year freshman at Michigan University. I am studying the field of linguistics with the aim of becoming an English teacher of high school. I will be major in English and minor in Linguistics or major in Linguistics with a minor in English. After completing my core courses in college, I will be able to take more classes related to these fields and reduce my graduation decision. I didn't always want to be an English teacher. I've always seen myself in some kind of corporate office, maybe as an executive assistant or a loan officer in a bank. My father works in the finance office for a car dealer and my mother works in a call center. I assumed that I would follow a similar path, though boring, in life. In my first year of high school, everything changed. My English teacher inspired me in ways I could never imagine. She made me love writing, literature, etymology, and all about English. She made me want to be a better student in all my classes, and she helped me see the value of education. So I decided I wanted to inspire other students like she did for me. As both of my parents are working class citizens, they don't have much money to contribute to my university expenses. I gained a scholarship based on my ACT score, but I still need additional funding for books and supplies. English courses have particularly high book costs, because we have to buy several books for each class. With the help of this scholarship, I could afford to continue my diploma and teacher of English. Word Count: 291 Guide Bags For Women How to Find Find for women? Avoid making disconnected statements for the sake of word count. In the end, the scholarship committee should have a clear view of your educational plans and professional aspirations. Internet marketing has gone from an optional method of advertisement to a vital step in business outreach. Even small businesses in remote towns look to the internet to attract customers and spread the word about their services. I am currently pursuing a Bachelor of Science in Business Marketing with an emphasis on Digital Marketing. With this training, I will be able to enter a profession that will only grow year by year. When I was younger, I found print advertisements to be fascinating. I loved reading the newspaper with my father just to see the full-page ads in detail. When I got older though, those ads became less appealing because they were not adaptive. They seemed dated, static and unrelatable to their audiences.
